CONFLICT ENDSDelegates Agree Upon Terms to
Conclude Peace.

THREAT HASTENS AGREEMENT

Bulgaria Accedes to Demands of Her
Enemies After an Exhibition of Her
Utter Helplessness at Their Hands.
All Parties Appear Dissatisfied and
Third War is Not Improbable in the
Near Future.

Bucharest, Aug. 7.—Peace has been
concluded between the Balkan states,
and the preliminary treaty will be
signed by the delegates of Serbia,
Greece, Montenegro, Roumania and
Bulgaria.

The agreement was arrived at only
after another exhibition of the utter
helplessness of Bulgaria to face her
ring of enemies.

On Wednesday the discussions in
the peace conference threatened to
become interminable, but M. Majores-
co, the Roumanian premier, president
of the conference, clinched matters
by threatening that unless Bulgaria
accepted the modified frontier pro-
posed by the allies Roumania's army
would occupy Sofia next Saturday.

This threat had the desired effect.
The new frontier, as agreed to,
starts at a point on the old frontier
west of the Struma river, follows the
watershed to west of the town of
Strumitza, thence runs almost
through the Struma valley to the
Belesch mountains, and thence east-
erly in almost a straight line to the
Mesta river, thus leaving the town
of Strumitza, the port of Lagos and
Kanthi to Bulgaria and the port of
Kavala to Greece.

The new frontier is a deep disap-
pointment to the Bulgarians, who still
nurse hopes for its eventual revision
by the powers.

It is believed an agreement for the
demobilization of the various armies
will be signed. The news that peace
had been arranged caused great re-
joicing here.

ALL PARTIES DISSATISFIED

Third Balkan War Appears Likely to
Break Out.

London, Aug. 7.—The second Bal-
kan peace conference having concluded
peace on a basis of compromise
which is unsatisfactory to all the
question is being asked how soon a
third Balkan war will break out.

Bulgaria will seek to introduce in
the peace protocol to be signed at
Bucharest a reservation practically
appealing to the European powers for
a subsequent revision of the peace
treaty.

FOURTH GOVERNOR IN 1913

Judge Sworn in as State Executive of
Arkansas.

Little Rock, Ark., Aug. 7.—Judge
George W. Hayes of Camden took
the oath of office as governor of Ar-
kansas, succeeding Senator J. M. Fut-
rell, who had been acting governor
for several months.

Judge Hayes is the fourth man to
take the oath since Jan. 13, 1913. On
that date George W. Dahey's term ex-
pired; he was succeeded by Congress-
man Joe T. Robinson, who a few
weeks later resigned to qualify as
United States senator; Senator Old-
ham, president of the senate, then
qualified but the title of office was
sought a few days later by Senator
J. M. Futrell, president pro tem of the
senate, and he won in court. Judge
Hayes was elected on July 23 at a
special election.

DEATH IN STEAMER'S WAKE

Suction From Big Vessel in Elbe Im-
perils Scores of Lives.

Hamburg, Aug. 7.—Two were
drowned and more than twenty pitched
headlong in the water by the wash
thrown up by the Hamburg-American
liner Kaiserin Augusta Victoria when
passing in to the river Elbe at Wit-
tenberg inward bound from New
York.

Rowboats and river craft were
overturned and lifesavers were busy
for a considerable time. The big
liner slowed down and lowered her
boats as soon as those on deck be-
came aware of what had happened.
The suction from the wash of the big
vessel was so great that many of
those in the water were drawn be-
neath the surface.

ROAD QUITS MAIL CONTRACT

Objects to Inadequate Amounts Paid
by Government.

Washington, Aug. 7.—Complaints
from many railroads against alleged
inadequate compensation for in-
creased weight of mail matter under
the parcel post system has culminat-
ed in a notice to the postoffice de-
partment from the Toledo, St. Louis and
Western company that at the end of
sixty days it will discontinue the
transportation of mail.

This company's contract will not ex-
pire for two years and the department
has informed the management that
discontinuance will not be permitted.

EMERY APPEARS

sociation Testifies.

TELLS METHOD OF PRODDING

Witness Explains to House Committee
How Members of Congress Were
Urged to Favor or Oppose Certain
Legislation—One Telegram Was
Sent to Secretary of Minnesota Em-
ployers' Association.

Washington, Aug. 7.—How the Na-
tional Association of Manufacturers
"prodded" members of congress to
support legislation the association
favored and opposed those who
threatened its interests was explained
to the house lobby committee by
James A. Emery, general counsel for
the association.

Emery was the principal witness
before the lobby investigators on both
sides of the Capitol.

A letter written by Emery to F. C.
Schwedman, secretary to the presi-
dent of the National Association of
Manufacturers in 1910, commented
on the fact that "Congressman Bar-
tholdt was very effectually prodded
from St. Louis" in connection with
a vote on a proposition to exempt labor
unions from prosecution under the
Sherman law.

Members of the committee
conducted a rather lengthy examination
to determine just what method of
"prodding" was employed by the as-
sociation. The witness explained let-
ters and telegrams were sent to the
congressmen.

As an instance of this sort of ac-
tivity there was introduced a tele-
gram sent by Emery during the fight
against this same labor union propo-
sition in 1910 to A. V. Williams of
the Minnesota Employers' associa-
tion in St. Paul, which urged him to
"please get as vigorous a protest by
wire as possible to Congressmen
Davis, Nelson, Steenerson, Miller, of
your state. All are supporting
Hughes' amendment preventing en-
forcement of the Sherman law against
labor organizations."

Activities in relation to the Hughes
amendment, the investigation of the
tailor shop management system by
the house committee, the bill to allow
the formation of unions among gov-
ernment employees and various other
legislative propositions as well as the
interest of the association in the
presidential platforms in 1908 were
outlined in the letters presented.

ROBBERY PROBABLE MOTIVE

Young Man Murdered in Railway
Yards at St. Paul.

St. Paul, Aug. 7.—The finding of
the body of a young man, believed
to be Fred Kwamme, of Lead, S. D.,
with three bullet wounds in it, one of
them fired from the back, has pre-
sented the St. Paul police with a mur-
der mystery. The body was found by
a night watchman for the Northern
Pacific, lying on its back on the
pavement near Fifth and John
streets.

The murder is believed to have been
committed about 9:30 p. m. Night
Watchman Davis said that about 9:30
p. m., while making his rounds in the
railroad yards about three blocks
away, he heard three revolver
shots in rapid succession coming from
that vicinity. As he came back about
an hour and a half later he found the
body.

It is believed that the motive for
the murder was robbery.

DOCK STRIKE MAY SPREAD

Likely to Involve All Ports on Great
Lakes.

Duluth, Aug. 7.—Indications point
to the possibility of one of the most
widespread strikes ever experienced
by Great Lakes dock workers. Efforts
are being made to extend the ore
dock strike, now involving Duluth and
Superior, to every ore shipping point
on the lakes.

F. H. Little, Industrial Worker of
the World, who has been active in
Superior and Duluth strikes, drew up
a proclamation declaring the fact of
the strike here and in Superior and
appealing to all ore dock workers at
all points to join it. The proclama-
tion was sent out by the Superior com-
mittee to Two Harbors, Ashland,
Marquette and Escanaba.

ST. PAUL GETS CONVENTION

Knights of Columbus to Meet There
in 1914.

Boston, Aug. 7.—James O'Flaherty
of Philadelphia was re-elected su-
preme knight and Marston H. Car-
ody, Grand Rapids, Mich., was re-
turned to his office of deputy supreme
knight at the election of officers in
the thirty-first national convention of
the Knights of Columbus.

St. Paul was chosen as the city for
the 1914 convention.

SENATOR LEA.

Has Bill of His Own to
Reform the Currency.

HAS A NEW CURRENCY BILL

Senator Lea Introduces Substitute
Measure.

Washington, Aug. 7.—Senator Lea
of Tennessee introduced a bill to
provide for a revision of the Aldrich-
Vreeland emergency currency act.

The Lea bill would establish a cur-
rency association of local banks in
each of the large cities, with author-
ity to issue currency, under regula-
tions made by the secretary of the
treasury up to \$750,000,000.

Each association would be required
to guarantee its circulation. The bill
would limit the issue of an association
to 50 per cent of its capital stock.

MEXICANS DISPLAY
SOME RESENTMENTDo Not Take Kindly to Object
of Lind's Visit.

Mexico City, Aug. 7.—Increased an-
tagonism has been aroused among
Mexicans toward President Wilson's
plan for the pacification of the repub-
lic by the latest news from Washing-
ton that the object of John Lind's
visit here is to advise that the only
basis on which Mexico will be recog-
nized by the United States is the
elimination of President Huerta.

Earlier reports that Mr. Lind pur-
posed to deal with Huerta perhaps by
making the direct suggestion that he
resign were received with indignation
by Mexican officials.

SLAY 17 MEXICAN BANDITS

Pay With Their Lives for Mistreat-
ing Women.

Mexico City, Aug. 7.—Seventeen
Mexicans have paid with their lives
for mistreating the daughters of John
Gourd, an American farmer, near Tam-
pico, last Monday. American
farmers participated in the execution
of the penalty.

The Americans, joined by Mexican
land owners in the district of Atascas-
co, near Tampico, organized a posse
and rode into the hills in search of
the band of outlaws who tied Gourd
and robbed him and afterwards offered
indignities to two daughters. The
band was located and defeated in a
fight and several of its members were
captured.

The seventeen men killed by the
posse include those slain in the fight-
ing and those put to death by the vig-
ilants afterward.

LIND'S MISSION PEACEFUL

Secretary Bryan So Informs Mexican
Government.

Mexico City, Aug. 7.—Secretary of
State Bryan sent the following tele-
gram to the Mexican legation:

"You may say to the minister of
foreign affairs that Mr. Lind comes
to Mexico on a mission of peace and
that the president feels sure his pres-
ence there will contribute toward a
settlement of the difficulties."

"The Mexican government should
await the president's communication
and not give weight to misrepresen-
tations published in sensational news-
papers."

The message was delivered to the
foreign minister.

FEW SAILORS DRINK.

Philadelphia, Aug. 7.—Total
abstinence from intoxicating
liquor is on the increase in the
United States navy, according
to Rev. Eugene Macdonald in an
address at the forty-third
annual convention of the Cath-
olic Total Abstinence union,
which opened here. Father Mc-
Donald, who is a chaplain in
the navy, said the navy is now
"85 to 90 per cent temperate."
"We have," he added, "by
actual enumeration 12 per cent
total abstainers and 85 per
cent temperate men."

MONROE DOCTRINE AN ISSUE

How Senators Are Punished For Con-
tumacy by Being Kept Off Important
Committees—Elkins Tried Sixteen
Years to Get on Finance Committee,
but Without Success.

By ARTHUR W. DUNN.

Washington, Aug. 7.—[Special.]—
When a situation keeps getting worse
instead of better there is always dan-
ger. That seems to be the trouble in
Mexico. It appears that we have
reached a point where the Monroe doc-
trine must be abandoned or make the
United States the peacemaker and po-
liceman of the American continent.
Intervention in Mexico as a last resort
to bring order to that distracted coun-
try is believed the only possible way.

It is an unusual spectacle to see a
war begun when the whole people
making the war are against it. That
is one of the anomalies of the present
situation. The man who more than
any other does not want to have inter-
vention may have to take that respon-
sibility and declare for it. President
Wilson will never cause intervention
if he can find another way of settle-
ment.

Dolliver Was Punished.

It has often happened in the house
that the speaker has punished men
who did not "go long" with the house
organization. That is what caused
insurgency against Speaker Cannon.
Sometimes senators are punished by
being kept off committees. During the
debate on gypsum Senator Kenyon,
who lives at Fort Dodge, his home
and former home of Senator Dolliver,
said:

"Senator Dolliver, who had earned a
place on the finance committee by long
years of service, was denied that place,
and then on top of that duties on gym-
psum were cut. That was why they
were cut."

Gypsum is produced in quite large
quantities at Fort Dodge.

Aldrich Was Powerful.

Senator Lodge, as a member of the
finance committee, said he never heard
of anything of the kind, and Kenyon
said that the cut was made by Aldrich,
then chairman, who was also respon-
sible for keeping Dolliver off the com-
mittee.

A powerful chairman of a commit-
tee can say who shall become mem-
bers of that committee. Aldrich would
never let Elkins of West Virginia be-
come a member of the committee. The
trouble dated back to the Dingley bill,
when Elkins and Aldrich had a hot
dispute over tariff schedules.

"Aldrich," said Elkins, "for a man
of your experience you know mighty
little about the tariff. You may know
all about jackknives and Connecticut
financiers, but of the big commercial
questions you are absolutely ignorant."

And in sixteen years Elkins was not
able to get a place on the committee.

"Unnecessary Remarks."

When minority leader of the house,
John Sharp Williams could not keep
out of the debates. The same is true
in the senate. He likes to get in with
little speeches in answer to the Republi-
cans.

"Does the senator from Mississippi
desire to ask me a question?" inquired
Senator Cummins.

"No," replied Williams, "I desire to
make a few innocuous observations of
my own. I desire to make a few 'un-
necessary remarks,' as the dandy said
about John Allen's speech."

A Senate Surprise.

There was a real senate surprise one
day when a voice from the Republican
side of the chamber was heard de-
manding a reduction in duties on one
feature of the tariff bill. But the sur-
prise was short lived, because the de-
mand came from Senator Poindestor
of Washington, who is a pronounced
low tariff man.

His Greatest Strain.

Minority Leader Mann and Congress-
man McKellar of Tennessee had a
number of bouts over the Elkins-Cam-
inetti affair before the matter was
talked out. When McKellar finally
took the floor he said he was about to
bring something up for which he wanted
to "thank my friend the distin-
guished gentleman from Illinois, whom
I want to say, I admire most extrava-
gantly and have admired ever since I
have been here."

"That must be something awful,"
said Mann in a tragic voice.

A little later McKellar was protesting
against the manner "in which we let
Mann lord it over us," and he protested
against his "dictatorial tactics," men-
tioning the strain under which he,
Mann, seemed to be working.

Mann interrupted and remarked that
the "greatest strain I was ever under,
so far as influence goes, was when I
helped to pass a bridge bill through the
house for the gentleman from Tennes-
see, Mr. McKellar."

Clayton's Comment.

Congressman Ferris of Oklahoma
wanted information about the Diggs-
Cammett case. "I have been out of the
house and have not heard all the de-
bate," said Ferris.

"Lucky man," was Chairman Clay-
ton's sarcastic comment.

MOTHER JONES IS POPULAR

Urges Michigan Strikers to Keek So-
ber and Avoid Trouble.

Calumet, Mich., Aug. 7.—Direct ap-
peal for a senatorial investigation of
the copper miners' strike was made
by the Western Federation of Miners.
Resolutions asking such action were
adopted at a mass meeting which,
with "Mother" Jones as the magnet,
drew to Laramie several thousand
strikers and other residents of the
copper field.

The resolution extolled Senators
Kern, Borah, Martine and Reed for
their part in the recent West Virginia
inquiry and condemned the county
and state authorities for ordering
troops into the local strike zone.

"Mother" Jones counseled the strik-
ers to avoid trouble and remain sober
and her witticisms at the expense of
the employers aroused her usually
phlegmatic hearers to roars of appre-
ciation.

STRIKING EMPLOYES
CALL ON GOVERNORDemand Immediate Hearing of
Their Grievances.

Boston, Aug. 7.—Two hundred strik-
ers from two Hyde Park manufactur-
ing plants, controlled by Governor
Eugene H. Foss, stormed the state
house demanding an immediate hear-
ing of their grievances by the state
board of arbitration.

Chairman Howland refused to re-
ceive the party, explaining that the
board was occupied with other mat-
ters.

The strikers then appealed to Gov-
ernor Foss, insisting that he order the
state board to receive the petitioners
forthwith. The governor replied that
he had no authority in the matter.

A few young women bearing Ameri-
can flags headed the line. Others car-
ried signs reading "We want a living
wage;" "We want justice;" "We are
the Foss strikers from Hyde Park."

The coming of the men, whose quar-
rel with the governor has been bit-
ter since they went out several weeks
ago, had been heralded and at the
capitol they found policemen stationed
at all the entrances. So they halted
under the archway.

Joy Rides Hit Train.

Chicago, Aug. 7.—Six persons were
injured when an automobile in which
they were joy riding collided with a
freight engine in Fullerton parkway.
The automobile tore through the cross-
ing gates at the rate of forty-five miles
an hour, the police were told, and was
demolished when it struck the engine,
which was standing at the time. All
the injured will recover.

port of the commission on pensions
of the Episcopal church, of which

Conclude Peace.

THREAT HASTENS AGREEMENT

Bulgaria Accedes to Demands of Her Enemies After an Exhibition of Her Utter Helplessness at Their Hands. All Parties Appear Dissatisfied and Third War Is Not Improbable in the Near Future.

Bucharest, Aug. 7.—Peace has been concluded between the Balkan states, and the preliminary treaty will be signed by the delegates of Serbia, Greece, Montenegro, Roumania and Bulgaria.

The agreement was arrived at only after another exhibition of the utter helplessness of Bulgaria to face her ring of enemies.

On Wednesday the discussions in the peace conference threatened to become interminable, but M. Majoresco, the Roumanian premier, president of the conference, clinched matters by threatening that unless Bulgaria accepted the modified frontier proposed by the allies Roumania's army would occupy Sofia next Saturday. This threat had the desired effect.

The new frontier, as agreed to, starts at a point on the old frontier west of the Struma river, follows the watershed to west of the town of Strumitza, thence runs almost through the Struma valley to the Belesch mountains, and thence easterly in almost a straight line to the Mesta river, thus leaving the town of Strumitza, the port of Lagos and Kanthi to Bulgaria and the port of Kavala to Greece.

The new frontier is a deep disappointment to the Bulgarians, who still nurse hopes for its eventual revision by the powers.

It is believed an agreement for the demobilization of the various armies will be signed. The news that peace had been arranged caused great rejoicing here.

ALL PARTIES DISSATISFIED

Third Balkan War Appears Likely to Break Out.

London, Aug. 7.—The second Balkan peace conference having concluded peace on a basis of compromise which is unsatisfactory to all the question is being asked how soon a third Balkan war will break out.

Bulgaria will seek to introduce in the peace protocol to be signed at Bucharest a reservation practically appealing to the European powers for a subsequent revision of the peace treaty.

FOURTH GOVERNOR IN 1913

Judge Sworn in as State Executive of Arkansas.

Little Rock, Ark., Aug. 7.—Judge George W. Hayes of Camden took the oath of office as governor of Arkansas, succeeding Senator J. M. Futrell, who had been acting governor for several months.

Judge Hayes is the fourth man to take the oath since Jan. 13, 1913. On that date George W. Dahey's term expired; he was succeeded by Congressman Joe T. Robinson, who a few weeks later resigned to qualify as United States senator; Senator Oldham, president of the senate, then qualified but the title of office was sought a few days later by Senator J. M. Futrell, president pro tem of the senate, and he won in court. Judge Hayes was elected on July 23 at a special election.

EMERY APPEARS
IN LOBBY PROBE

Counsel for Manufacturers' Association Testifies.

TELLS METHOD OF PRODDING

Witness Explains to House Committee How Members of Congress Were Urged to Favor or Oppose Certain Legislation—One Telegram Was Sent to Secretary of Minnesota Employers' Association.

Washington, Aug. 7.—How the National Association of Manufacturers "prodded" members of congress to support legislation the association favored and opposed those who threatened its interests was explained to the house lobby committee by James A. Emery, general counsel for the association.

Emery was the principal witness before the lobby investigators on both sides of the Capitol.

A letter written by Emery to F. C. Schwedman, secretary to the president of the National Association of Manufacturers in 1910, commented on the fact that "Congressman Bartholdt was very effectively prodded from St. Louis" in connection with a vote on a proposition to exempt labor unions from prosecution under the Sherman law.

Members of the committee conducted a rather lengthy examination to determine just what method of "prodding" was employed by the association. The witness explained letters and telegrams were sent to the congressmen.

As an instance of this sort of activity there was introduced a telegram sent by Emery during the fight against this same labor union proposition in 1910 to A. V. Williams of the Minnesota Employers' association in St. Paul, which urged him to "please get as vigorous a protest by wire as possible to Congressmen Davis, Nelson, Stearnson, Miller, of your state. All are supporting Hughes' amendment preventing enforcement of the Sherman law against labor organizations."

Activities in relation to the Hughes amendment, the investigation of the tailor shop management system by the house committee, the bill to allow the formation of unions among government employees and various other legislative propositions as well as the interest of the association in the presidential platforms in 1908 were outlined in the letters presented.

SENATOR LEA.
Has Bill of His Own to Reform the Currency.

HAS A NEW CURRENCY BILL

Senator Lea Introduces Substitute Measure.

Washington, Aug. 7.—Senator Lea of Tennessee introduced a bill to provide for a revision of the Aldrich-Vreeland emergency currency act.

The Lea bill would establish a currency association of local banks in each of the large cities, with authority to issue currency, under regulations made by the secretary of the treasury up to \$750,000,000.

Each association would be required to guarantee its circulation. The bill would limit the issue of an association to 50 per cent of its capital stock.

MEXICANS DISPLAY
SOME RESENTMENT

Do Not Take Kindly to Object of Lind's Visit.

Mexico City, Aug. 7.—Increased antagonism has been aroused among Mexicans toward President Wilson's plan for the pacification of the republic by the latest news from Washington that the object of John Lind's visit here is to advise that the only basis on which Mexico will be recognized by the United States is the elimination of President Huerta.

Earlier reports that Mr. Lind purposed to deal with Huerta perhaps by making the direct suggestion that he resign were received with indignation by Mexican officials.

SLAY 17 MEXICAN BANDITS

Pay With Their Lives for Mistreating Women.

Mexico City, Aug. 7.—Seventeen Mexicans have paid with their lives for mistreating the daughters of Matthew Gourd, an American farmer, near Tampico, last Monday. American farmers participated in the execution of the penalty.

The Americans, joined by Mexican land owners in the district of Atascador, near Tampico, organized a posse and rode into the hills in search of the band of outlaws who tied Gourd and robbed him and afterwards offered indignities to two daughters. The band was located and defeated in a fight and several of its members were captured.

The seventeen men killed by the posse include those slain in the fighting and those put to death by the vigilantes afterward.

LIND'S MISSION PEACEFUL

Secretary Bryan So Informs Mexican Government.

Mexico City, Aug. 7.—Secretary of State Bryan sent the following telegram to the Mexican legation:

"You may say to the minister of foreign affairs that Mr. Lind comes to Mexico on a mission of peace and that the president feels sure his presence there will contribute toward a settlement of the difficulties."

"The Mexican government should await the president's communication and not give weight to misrepresentations published in sensational newspapers."

The message was delivered to the foreign minister.

FEW SAILORS DRINK.

Philadelphia, Aug. 7.—Total abstinence from intoxicating liquor is on the increase in the United States navy, according to Rev. Eugene MacDonald in an address at the forty-third annual convention of the Catholic Total Abstinence union, which opened here. Father McDonald, who is a chaplain in the navy, said the navy is now "85 to 90 per cent temperate."

"We have," he added, "by actual enumeration 12 per cent total abstainers and 85 per cent temperate men."

WILSON'S HAND
MAY BE FORCED

President May Be Compelled to Intervene in Mexico.

MONROE DOCTRINE AN ISSUE

How Senators Are Punished For Contumacy by Being Kept Off Important Committees—Elkins Tried Sixteen Years to Get on Finance Committee, but Without Success.

By ARTHUR W. DUNN.

Washington, Aug. 7.—[Special.]—When a situation keeps getting worse instead of better there is always danger. That seems to be the trouble in Mexico. It appears that we have reached a point where the Monroe doctrine must be abandoned or make the United States the peacemaker and policeman of the American continent. Intervention in Mexico as a last resort to bring order to that distracted country is believed the only possible way.

It is an unusual spectacle to see a war begun when the whole people making the war are against it. That is one of the anomalies of the present situation. The man who more than any other does not want to have intervention may have to take that responsibility and declare for it. President Wilson will never cause intervention if he can find another way of settlement.

Dolliver Was Punished.

It has often happened in the house that the speaker has punished men who did not "go long" with the house organization. That is what caused insurgency against Speaker Cannon. Sometimes senators are punished by being kept off committees. During the debate on gypsum Senator Kenyon, who lives at Fort Dodge, his home and former home of Senator Dolliver, said:

"Senator Dolliver, who had earned a place on the finance committee by long years of service, was denied that place, and then on top of that duties on gypsum were cut. That was why they were cut."

Gypsum is produced in quite large quantities at Fort Dodge.

Aldrich Was Powerful.

Senator Lodge, as a member of the finance committee, said he never heard of anything of the kind, and Kenyon said that the cut was made by Aldrich, then chairman, who was also responsible for keeping Dolliver off the committee.

A powerful chairman of a committee can say who shall become members of that committee. Aldrich would never let Elkins of West Virginia become a member of the committee. The trouble dated back to the Dingley bill, when Elkins and Aldrich had a hot dispute over tariff schedules.

"Aldrich," said Elkins, "for a man of your experience you know mighty little about the tariff. You may know all about jackknives and Connecticut blunderbusses, but of the big commercial questions you are absolutely ignorant."

And in sixteen years Elkins was not able to get a place on the committee.

"Unnecessary Remarks." When minority leader of the house, John Sharp Williams could not keep out of the debates. The same is true in the senate. He likes to get in with little speeches in answer to the Republicans.

"Does the senator from Mississippi desire to ask me a question?" inquired Senator Cummins.

"No," replied Williams. "I desire to make a few innocuous observations of my own. I desire to make a few 'unnecessary remarks,' as the dandy said about John Allen's speech."

A Senate Surprise.

There was a real senate surprise one day when a voice from the Republican side of the chamber was heard demanding a reduction in duties on one feature of the tariff bill. But the surprise was short lived, because the demand came from Senator Poinsett of Washington, who is a pronounced low tariff man.

His Greatest Strain.

Minority Leader Mann and Congressman McKellar of Tennessee had a number of bouts over the Duggs-Cannett affair before the matter was talked out. When McKellar finally took the floor he said he was about to bring something up for which he wanted to "thank my friend the distinguished gentleman from Illinois, whom I want to say, I admire most extravagantly and have admired ever since I have been here."

"That must be something awful," said Mann in a tragic voice.

A little later McKellar was protesting about the manner "in which we let Mann lord it over us," and he protested against his "dictatorial tactics," mentioning the strain under which he, Mann, seemed to be working.

Mann interrupted and remarked that the "greatest strain I was ever under, so far as influence goes, was when I helped to pass a bridge bill through the house for the gentleman from Tennessee, Mr. McKellar."

Clayton's Comment.

Congressman Ferris of Oklahoma wanted information about the Duggs-Cannett case. "I have been out of the house and have not heard all the debate," said Ferris.

"Lucky man," was Chairman Clayton's sarcastic comment.

Yukon Beavers.

In the Yukon region, far back from the haunts of man, beavers are still quite plentiful.

"MOTHER" JONES.
Michigan Copper Miners Appreciate Her Remarks.

MOTHER JONES IS POPULAR

Urges Michigan Strikers to Keep Sober and Avoid Trouble.

Calumet, Mich., Aug. 7.—Direct appeal for a senatorial investigation of the copper miners' strike was made by the Western Federation of Miners. Resolutions asking such action were adopted at a mass meeting which, with "Mother" Jones as the magnet, drew to Laramie several thousand strikers and other residents of the copper field.

The resolution extolled Senators Kern, Borah, Martine and Reed for their part in the recent West Virginia inquiry and condemned the county and state authorities for ordering troops into the local strike zone.

"Mother" Jones counseled the strikers to avoid trouble and remain sober and her witticisms at the expense of the employers aroused her usually phlegmatic hearers to roars of appreciation.

STRIKING EMPLOYEES
CALL ON GOVERNOR

Demand Immediate Hearing of Their Grievances.

Boston, Aug. 7.—Two hundred strikers from two Hyde Park manufacturing plants, controlled by Governor Eugene N. Foss, stormed the state house demanding an immediate hearing of their grievances by the state board of arbitration.

Chairman Howland refused to receive the party, explaining that the board was occupied with other matters.

The strikers then appealed to Governor Foss, insisting that he order the state board to receive the petitioners forthwith. The governor replied that he had no authority in the matter.

A few young women bearing American flags headed the line. Others carried signs reading "We want a living wage," "We want justice," "We are the Foss strikers from Hyde Park."

The coming of the men, whose quarrel with the governor has been bitter since they went out several weeks ago, had been heralded and at the capitol they found policemen stationed at all the entrances. So they halted under the archway.

Joy Rides Hit Train.

Chicago, Aug. 7.—Six persons were injured when an automobile in which they were joy riding collided with a freight engine in Fullerton parkway. The automobile tore through the crossing gates at the rate of forty-five miles an hour, the police were told, and was demolished when it struck the engine, which was standing at the time. All the injured will recover.

HANGS IN CEMETERY.

Dow City, Ia., Aug. 7.—M. H. Blading, seventy-five years old, sexton of a local cemetery, committed suicide by hanging himself to a tree in the cemetery. His reason for the act is not known.

Half Pay for Aged Pastors.

New York, Aug. 7.—A pension approximating half pay for every Episcopal clergyman more than sixty-five years old and financial aid for widows and orphaned children of clergymen are recommended in a preliminary report of the commission on pensions of the Episcopal church, of which Bishop Lawrence of Massachusetts is chairman.

Washington, Aug. 7.—Desirous of increasing further the good relations existing between his country and the United States the Chilean minister of foreign affairs has suggested that Chilean youths after receiving their diplomas hereafter shall be sent to the United States to complete their education along practical and technical lines. The Chilean government would bear the expense of transportation both ways.

The information has reached the state department from Minister Fletcher at Santiago.

MERCHANTS-CLERKS PICNIC, GREAT DAY

Estimated that 800 People Attended the Merrifield Picnic on Wednesday, August 6

IDEAL WEATHER FOR THE DAY

Results in the Program of Sports—
Merchants win Baseball and Water Baseball

The Merchants and Clerks picnic at Merrifield Wednesday was a great day from start to finish. The weather man turned out an ideal sort of weather pleasing everybody.

The train service as provided for by the Minnesota & International railway company, was of the best. Everything moved on schedule time and there were seats enough for all.

General Chairman H. P. Dunn estimates that there were about 800 people on the grounds. In addition to the picnicers on the two special trains were the visitors on the regular train and the many who traveled in their autos and the farmers from the vicinity of Merrifield and Brainerd.

In the morning the merchants and clerks teams battled for honors on the baseball diamond. It was a closely contested game and in the end the merchants blanked the clerks to a score of 4 to 0.

The lineup of the merchants included Quinn Parker, catcher, Molstad, shortstop, Ole Peterson first base, Harry Carlson second base, Bud Roderick left field, Turcotte pitcher, Ed Levant right field, Ed Stallman third base and Carlson center field.

The lineup of the clerks included Lyons center field, Erickson pitcher, Gablou right field, Orne shortstop, Brandt third base, Neuman first base, Russell left field, Tucker catcher, Newgard second base.

Harry Carlson pounded out a home run and also a three-bagger. Roderick hammered out a two-base hit. Neuman made a sensational bare hand catch of a fly over first base.

The score by innings:
Merchants..... 0 1 0 0 3 x-4
Clerks..... 0 0 0 0 0 0-0

The umpires were Al Porsch and D. A. Peterson.

The water baseball was played in the afternoon and the players romped around in four feet of water. The merchants won the five inning game

by 1 to 0. The batteries for the merchants were Stallman and Quinn Parker; for the clerks, Erickson and Tucker.

Lemonade was served in the afternoon, the lemons being donated by the S. G. Palmer company, of which J. C. Higbe is the local representative.

The following were the winners in the program of sports:
100 yard dash, free for all, first Ludlow, second Orne.

50 yard dash, boys under 15, first Ralph Sleeper, second C. Bellevue.

50 yard dash, girls under 15, first Christina Gordon, second Esther Anderson.

Boys leap frog race, first Bellevue and Betts, second Overly and Elvig.

Married men, 100 yard dash, first G. R. Pratt, second Bob Bourquin.

Married ladies, first Mrs. Gordon, second Mrs. Cossette. The first race was a tie between the ladies and was run a second time.

Men's back-to-back race, first Pratt and Ludlow, second William Turcotte and Harry Carlson.

Fat men's 100 yard race, first Carl Wright, second Louis Greshbach.

Free for all sack race, first Harry Carlson, second G. R. Pratt.

Tug of war, merchants vs. clerks, won by the merchants.

The Brainerd City band gave a delightful concert from 12 to 2 p. m. The visitors commented on the music and nothing but words of praise were heard about the band.

Brainerd people had pop corn and ice cream stands at the picnic and the Merrifield hotels did a rushing business. Six launches plied on the lake and no one fell in except when clad in a bathing suit. The bathing beach looked like Coney Island. Hundreds of people spashed about in the warm water and enjoyed the delight of a plunge in the lake.

Boats paddled about and their occupants enjoyed the fun of watching the water baseball exploits.

An old fashioned bowery dance attracted many and gave the picnic the appearance of one of the old picnics which Brainerd used to enjoy in the days of long ago.

PAINTING AUTO TRAIL SIGNS

Blue Trail Connects Brainerd With Winnipeg, Line Going by Way of Akeley and Bemidji

YELLOW STREAK STARTS IN CITY

Runs Through Pillager, Staples, Wadena, Detroit, Fargo and Through North Dakota

Painters with big brushes and pots of paint are marking the telephone poles of Brainerd and laying out for an automobile pathfinding association two new routes through Brainerd.

The blue trail runs from St. Cloud through Brainerd to Winnipeg, and goes by way of St. Cloud, Little Falls, Brainerd, Pequot, Akeley, Bemidji, Fosston, Mackintosh, Crookston, Grand Forks, Grafton to Winnipeg.

The yellow streak starts in Brainerd and runs through Pillager, Staples, Wadena, Detroit, Fargo, north to Hillsboro, N. D., and west across Dakota to Mayville.

The other lines were painted last year and the blue was part of the blue line which connects Brainerd with the Twin Cities. The green line connects Brainerd with Aitkin.

An auto driver of Brainerd is now able to run to any part in the United States which boasts the roads to carry automobiles. Brainerd is easily reached from all the great auto trails and trunk lines and is itself on some of the most important lines.

It is noticeable that automobile travel is increasing. The day of the Barnum & Bailey circus saw cars in Brainerd that covered 60 or more miles to get here.

Alabama Minstrels Offer Splendid Street Entertainment at Noon Today—Show Tonight

Alabama Minstrels, led by Manager Erickson, are here today prepared to show in their big tent which has been stretched on the old hay market. There are surely some real musicians in that band, judging from the quality of music offered today.

1913 - Summer Clearance Sale - 1913

Beginning Saturday, August 9th, and ending Wednesday, August 31st, 1913

It has long since been the policy of this store at the close of each season to offer to the public all that season's unsold goods at greatly reduced prices, to clean up the stock, so as not to have to carry any over to the next year. In order to clean up our 1913 Spring and Summer stock we are offering it to you in most cases at actual cost, and, in many instances, at less than cost. Candidly, we would rather sell you these goods to you at a loss, and have the money, than to carry them over to next year and try to sell them to you at a profit. All goods offered during this sale are this season's goods and this season's styles and fabrics and include everything in our large stock and are all backed by our guarantee as to quality. It will be to your interest to attend this sale and profit by these greatly reduced prices.
